## About This Game

# BURST DRIVE

Burst Drive is a modernized, arcade shoot 'em up about blowing up colorful aliens and saving the universe with an experimental spacecraft.

## NOTABLE FEATURES

- 20 sectors with 5 levels in each sector. A total of 100 levels that get crazier as you go!
- A unique movement system in which you steer your ship and control your thrust to move around. A rewarding mechanic if utilized correctly. Drift around, dodge projectiles and unleash hell!
- Upgrade your ship throughout the journey to fight with unfathomable power against aliens that will force you to mix up your play style.
- A distinct alien for each sector, a total of 16 alien types (with their own specialized mini-bosses) and 4 unique bosses!
- Over 20 diverse weapons!

- 
- A mysterious shop between sectors with some random elements to provide slightly different playthroughs.
  - A shield mechanic that creates a fun, hit n run gameplay!
  - Two-player local co-op!
  - Controller support with reassignable controls!
  - Steam Leaderboards!
  - Colorful graphics!
  - Lots of explosions!

**Overall, Burst Drive provides a satisfying gameplay experience, with its own flight and shooting mechanics, that tries to keep that arcade-like feel while benefiting from modern elements and adding some more challenging enemies.**
